

MOSTAFA I. ABUZEID, MD, FACOG, FRCOG

Professor, Department of Obstetrics and Gynecology, Michigan State University
Director of Reproductive Endocrinology, Hurley Medical Center
Practice and Medical Director of IVF Michigan

Address: The Center for Reproductive Medicine / IVF Michigan
Two Hurley Plaza, Suite 209
Flint, MI 48503

Telephone: (810) 262-9714 - Flint
(248) 844-8845 – Rochester Hills

Education:

8/84 - 7/86

Fellow: Reproductive Endocrinology Division, Department of Obstetrics and Gynecology,
Reproductive Endocrinology Division, University of South Alabama College of Medicine,
Mobile, Alabama.

8/81 - 7/84

Resident; Department of Obstetrics and Gynecology, Wayne State University, Affiliated
Hospitals, Harper-Grace and Hutzel Hospitals, Detroit, Michigan.

Graduate

Cairo University, Faculty of Medicine, Cairo, Egypt.

Degree: MB. CH.B., with honors, 1976.

Undergraduate

Cairo University, Cairo, Egypt.

Degree: P.N.S., 1970

Research Grants and Clinical Trials:

2009 - Ferring Investigator Initiated Grant, 2009

Prospective randomized study comparing results of one blastocyst transfer versus two in
good prognosis patients going through

5/2006 – 10/2007 Primary Investigator for a clinical trial sponsored by Organon

Clinical trial protocol 38819

A phase III, randomized, double-blind, active-controlled, non-inferiority clinical trial to
investigate the efficacy and safety of a single injection of Org 36286 (corifollitropin alfa) to
induce multifollicular development for controlled ovarian stimulation using daily recombinant
FSH as a reference.

5/2006 – 7/2008 Primary Investigator for a clinical trial sponsored by Organon

Clinical trial protocol 38821

Pregnancy and neonatal follow-up of ongoing pregnancies established after controlled
ovarian stimulation in clinical trial 38819 for Org 36286 (corifollitropin alfa).

5/2006 – 10/2008 Primary Investigator for a clinical trial sponsored by Organon

Clinical trial protocol 38831

Follow-up protocol to collect the outcome of frozen-thawed embryo transfer cycles after cryopreservation of embryos in clinical trial 38819

2006 – 2008 Organon Investigator Initiated Grant, 2006

Controlled ovarian hyperstimulation with long protocol of Ganirelix improves the outcome of assisted reproduction in women with polycystic ovarian syndrome.

Mohamed Mitwally and Mostafa Abuzeid

7/2005 – 2/2006 Primary Investigator for a clinical trial sponsored by Ferring Pharmaceuticals, Inc., Protocol #: 2004-02.

Title: A multi-center, randomized open label, parallel group study of a vaginal micronized progesterone tablet (Endometrin) compared to Crinone 8% vaginal gel in female patients undergoing in-vitro fertilization (IVF).

3/2000 – 12/2000 Investigator for a clinical trial sponsored by Serono Laboratories

Protocol #: 21884 Title: A Phase III, multi-center, multi-national, randomized assessor-blind study to compare the safety and efficacy of a new formulation of recombinant human FSH (r- hFSH) versus Fertinex™ versus Gonal-F® in stimulating multiple follicular development prior to ART in patients pretreated with GnRH-agonist.

8/1997 – 2/1999 Investigator for a clinical trial sponsored by Serono Laboratories

Protocol #: GFR 9261 Title: A randomized, comparative, multi-center trial to assess the safety and efficacy of Gonal-F® versus Gonal-F and LHadi for the treatment of subfertile couples undergoing intracytoplasmic sperm injection (ICSI).

Academic Appointments:

7/01 – Present, Professor, Department of Obstetrics and Gynecology, Michigan State University College of Human Medicine, E. Lansing, Michigan

6/89 – Present, Director of Reproductive Endocrinology, Hurley Medical Center, Flint, Michigan / IVF Michigan

5/00 – Present, Practice Director of IVF Michigan, PC, Rochester Hills, Michigan

1/08 – Present, Medical Director of IVF Michigan, PC, Rochester Hills, Michigan

7/91 – 6/01, Associate Professor, Department of Obstetrics and Gynecology, Michigan State University College of Human Medicine, E. Lansing, Michigan

4/91 – 5/01, Laboratory Director of IVF Laboratory at Hurley Medical Center, Flint, MI

8/94 -12/95, Clerkship Coordinator, Department of Obstetrics and Gynecology, Michigan State University, College of Human Medicine.

6/89 -6/91, Assistant Professor, Department of Obstetrics and Gynecology, Michigan State University College of Human Medicine.
